

Level 3 Individuation Ceremony

Sacrament: one Red Bull. Verbal stimulant. Mindfulness of philosophy, mapping, cold math, process oriented retention.

Symbols.

for God, the Macrocosm, the Microcosm - a symbol identical to the symbol for the Self.

A candle symbolizing Temporary Light, surrounded by a map or calculator

a mammal (dog, cat, wolf, monkey...)

a reptile or fish

Symbol to Visualize:

in all four corners of the room, six gold pillars in two groupings of three surround five black pillars. a city of Buddha surrounding one of individualistic chaos, the pillars can become musical frequency visualized accelerating retention:

/\//\vvv//\//\, tall pillars about the height of two fingers, entire symbol the length of the hand. Just a visualized symbol.

A circle in the center of the temple floor. Individuate should sit or stand within the bounds of this circle during the entire Individuate's Speech, entering the circle immediately before the speech, and exiting to approach the altar immediately after.

Circuit 3 - the map,

Circuit 2 - the mammal,

Circuit 1 - the reptile are to be placed behind the altar.

The candle on the altar is lit, I put a cigarette butt as a symbol for God on the altar.

Individuate says, "The cities, my body. The cities, my clothing. The cities, my air. Initiation, the cities." Hir should spend a few moments imagining the Cities symbol aglow, and then a few

more moments imagining the Self being surrounded by a simple love state golden city.

Individuate says, "Everywhere Am I, Everywhere Is It, and Nowhere too."

Individuate blows out the candle flame and immediately ceases all visualization, identifying with release emotion.

Individuate sits in silent meditation until ready to exit the temple, at which point the ceremony is concluded. At least five minutes of meditation.
